CERTIFICATES

(For individual product certification details go online to the F&R Marketing Center.)

The OEKO-TEX® STANDARD 100 is a globally uniform testing and certification system for textile raw materials, intermediate and end products at all stages of production.

The SUSTAINABLE TEXTILE PRODUCTION (STeP) by OEKO-TEX® is an independent certification system that enables transparent analysis, assessment and documentation of sustainable performance in terms of fair working conditions and green manufacturing technologies.

The MADE IN GREEN by OEKO-TEX® label is a traceable consumer label for sustainable textiles made from pollutant-tested materials in environmentally friendly businesses are produced with safe and socially acceptable operations.

The ORGANIC CONTENT BLENDED (OCS blended) verifies the presence and amount of organic material in a final product (min. 5% organic fabric) and tracks the flow of a raw material from its source to the final product.

The ORGANIC CONTENT STANDARD 100 (OCS 100) verifies the presence and amount of organic material in a final product (min. 95% until 100% organic fabric) and tracks the flow of a raw material from its source to the final product.

The BUSINESS SOCIAL COMPLIANCE INITIATIVE (BSCI) aims at continuously improving the social performance of suppliers, ultimately enhancing working conditions in factories worldwide.

WORLD RESPONSIBLE ACCREDITED PRODUCTION (WRAP) is an independent, non-profit organization dedicated to the certification of lawful, humane and ethical manufacturing throughout the world.

FAIR WEAR FOUNDATION (FWF) is an international verification initiative dedicated to enhancing workers' lives all over the world.

The FAIRTRADE mark is a registered certification label for products sourced from producers in developing countries.

SEDEX signifies compliance ethically responsible, socially equitable and sustainable principles throughout the supply chain.

The SA8000 STANDARD is a code of social compliance, based on the principles of the Int. Labour Organisation, UN and national laws to protect the rights of workers.

EN471 and the newer EN ISO 20471 are European Standards for high visibility clothing. Class 1 is the lowest visibility. Class 2 is the intermediate level. Class 3 is the highest level of visibility.
